### SEASON BEGINS FOR GRIDDERS UNDER EITSON

By Bobby Inman

With the first thump of school leather against a football Thursday afternoon, the 1958 gridiron season at Elba School was begun. The 36 Tiger grid candidates, although few in number for the first practice, showed plenty of pep and enthusiasm as they took the field in shorts and teeshirts for the first practice of the coming season.

On hand to manage the Tigers was the coaching staff of Head Coach Lou Eitson, who will be line coach, Backs Coach George Grider, and Bee Team Coach Bill Travis.

Tigers observe a two-day practice schedule until school starts, and then will practice every afternoon after school. For the first few sessions, the Bengals were not allowed to put on pads, but were issued full equipment Tuesday afternoon, and started work in earnest Wednesday afternoon.

Coach Eitson will have the boys working in pads only in the afternoon workouts until school starts, and in the mornings they will stay with the shorts and teeshirts used in the first practice.

All indications thus far point to a revision of Elba football hopes for the coming season, as the locals have shown an intense interest in a good team. The Tigers open with Luvette there on Friday night, Sept. 12. Game time will be announced at a later date.

Boys who have turned out for practice sessions so far are: Backs—Earl McCollough, Jimmy Wise, Carl Nelson, Jack Flowers, Ricky Beaswell, Jimmy Sanders, Thomas McCollough, Mack Watson, Donnie Flowers, Elmer Twilley, Bob Norman, Mike Corbitt, Charles Matthews, and Tom Dyes.

Linebackers—Bob Duran, Mickey McCollough, Robert Russell, Fred Smith, Billy Meeks, Henry Clark, Roger Winston, Billy Joe Brunson, Randolph Freely, Sammy Casey and Lamar Parker.

The session will resume at 10:45 with a report on the Administrative Conference at Auburn, Emma Jessie Maddox, Lena S. Grimes.

### LOCAL BUSINESS

By C. S. TALBERT

Chairman, Dept. of Journalism University of Mississippi

A survey of Texas housewives by a private research company shows that ninety percent of the women in Texas consider advertising a desirable feature in newspapers.

A much lower percentage of Texas women regard advertising in other media with favor. More than fifty per cent said they would prefer TV without advertising.

Reasons for liking newspaper advertising, according to the survey, were: the value of newspaper ads as a shopping guide; the convenience of having a printed record for reference; and the fact that newspaper advertising is understandable and believable.

Of all the reasons given, the most important, however, was the fact that newspaper advertising is a necessary medium for the individual advertiser.

Everyone has heard criticism of misleading advertising. Yet, such criticism has never been extended to retail advertising in newspapers. Your newspaper can not afford to print questionable advertising. For individual advertisers, the newspaper is the most important medium for the individual advertiser.

Let me urge you again to support your home school. Mr. Peacock said:

Teachers for Coffee County schools follow with the name of the principal first.

### SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Haywood Taylor of Elba was smiling as he stood among the long rows of baled hay. The smell of fresh cured hay was in the air. He said, "It looks like we won't get through this week I had hoped we would, but we can get it later."

With 2500 to 3000 bales of hay already in the barn, there won't be any shortage of feed, even with the bad winter like we had last year.

Haywood bought this farm several years ago. It had been row cropped many years and was badly eroded. Land that was steep and washed was set aside for pasture land. Bahia, coral Bermuda, and sericea were planted. Of course not all

could be planted in one year. Some was planted each year until the fields were in grass as planned.

On land where peanuts are being harvested, early oats will be planted for soil protection and grazing. Additional grazing will be provided by crimson clover and ball clover grown on bermuda and bahia sod. On a wet land area fescue and white clover are grown.

By proper land utilization, each acre of land is producing. There is no waste land on this farm.

Eggs are second only to fish as a natural source of vitamin D.

### CLOSER MOTHER

The mother-infant relationship following birth is the subject of a Master of Science thesis just completed by University of Alabama student, Mrs. Margaret Iseal Millsap, candidate for the graduate degree in August. Mrs. Millsap observed and questioned doctors, nurses, and parents on the practice of "rooming-in" or having mother and baby located in the same room during the mother's hospitalization.

Do you know of any rural Coffee County girl or boy who is a Senior in College this coming September? Do they need extra funds to help them this year? If so, don't forget to tell them about the Coffee County Home Demonstration Clubs Scholarship Loan. All detailed information can be obtained at the home agent's office.

One of our interesting phases of work is helping homemakers with home planning. One of the newer homes in our county is Mrs. Willie Coone's home in Kinston. It is always a pleasure to visit with Mr. and Mrs. Coone and see the progress they are making. We are glad to offer suggestions and help

## Faraway Places...

I've never seen the Taj Mahal. Nor have I looked up at the Leaning Tower of Pisa, or out across the broad Sahara to the Pyramids and the Sphinx.

Most of my life, as a matter of fact, has been spent right here in my own town. Not because I don't want to travel. To visit these faraway places is one of my big desires—and, one day, I hope to do it.

But I know, deep in my heart, that even if I never leave my home town I'll have more to do than I can hope to accomplish. Because God is just as much here as he is anywhere. Our minister used that thought in his sermon last Sunday, and he told us how much there is for all of us to do in our own particular place—and how much remains undone!

If we'd bring just one other person to church with us on Sunday, we'd really be doing something, he told us. And, as I thought it over, I knew how true that was.

That's why I'm asking you.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Here it is Labor Day again—and a whole year has gone by in a hurry. How much have you saved out of all the money you've made in the last year?

If you haven't saved as much as you think you should have, don't be discouraged. It's really easy to do—if you have a simple, systematic savings plan.

The Payroll Savings Plan is guaranteed to work. And eight million Americans are already taking advantage of it. Here's all you do. Just tell the people in your pay office how much you want to save each payday. Then your money will go automatically into U. S. Series E Savings Bonds, one of the world's safest investments and one where your returns are guaranteed.

Say you save just \$7.50 a week. In 9 years and 8 months you can count on having \$4,278 in cash. In 19 years and 8 months—\$10,313—enough to make a really big showing for all of your hard work and good management.

So think of next Labor Day today, and sign up for safe and sure U. S. Savings Bonds—on the Payroll Savings Plan where you work, or buy Bonds regularly where you bank.

MRS. ROBERT CANNON PHONE 338

### Miss Spurlin And Wilson Dyess Are Wed

Miss Clara Ann Spurlin, daughter of Mr. and Mrs. Henry Alex Spurlin, became the bride of Mr. Wilson Dyess, son of Mr. and Mrs. Odie M. Dyess, on August 1 at three o'clock.

The ceremony was performed by the Rev. Curtis Duke before an improvised altar at the bride's home. Palm fronds filled the fireplace and a large arrangement of white chrysanthemums and gladioli graced the mantel. White candles in cathedral candelabra completed the setting.

Mr. Jim Patrenos played the traditional wedding numbers at the piano. And Mr. Martin Dyess served his brother as Best Man.

Miss Spurlin wore a full

skirted dress of white nylon lace over satin. The fashion feature of the dress was a rounded V neckline which ended in a row of lace covered buttons that outlined the elongated waistline. A Dutch bonnet of lace and seed pearls held her short tulle veil. The bridal bouquet was an orchid showered with carnations, lily of the Valley and ribbons.

Miss Mary Ann Spurlin served as her sister's maid of Honor. She wore yellow embroidered organza styled with a Sabrina neckline and large puffed sleeves. Her flowers were a roseway of carnations in yellow, green and white.

Mrs. Spurlin wore a dress of deep rose lace while Mrs. Dyess chose blue. Both wore carnation corsages.

After the ceremony, the bride's parents entertained at a reception. The bride's table was covered with a lace cloth over a green undershirt and with the wedding cake. At one side two large flower encircled candelsticks held white candles, while the punch bowl was placed at the other end of the table. White "mums" encircled the punch bowl.

For traveling, the bride wore a sheath dress of pink polished cotton and a white orchid.

Mr. and Mrs. Dyess are making their home in Elba, while Mrs. Dyess completes her education at Troy State and Mr. Dyess teaches at Zion Chapel.

Serving at the reception were: Miss Mary Jo Bryan, Miss Linda Lee, Miss Betty Boutwell of Troy, Miss Jamella Barker, Miss Laura Low Barker, Mrs. Wallace Smith and Mrs. John Glen Lee.

### Helms - Nevels Rites Are Announced By Bride's Parents

Mr. and Mrs. Ewell Helms of Enterprise announce the marriage of their daughter, Betty to Harold Nevels, son of Mr. and Mrs. Harry Nevels of Geneva.

The bride is a graduate of Enterprise High School. The groom is a graduate of Hartford High School. The couple will make their home in Geneva, where Mr. Nevels is employed.

Southern farm families raise more pork than beef for home use, but more beef than pork goes into their home freezers and lockers.

Allow about one-third pound per person when buying fish fillets, steaks, or sticks; when buying whole, dressed fish, allow one-half pound.

### "THERE IS ALWAYS A BEST WAY OF DOING EVERYTHING"

When pharmacists compound your prescriptions, you place your health, even your very life in our professional care.

First we carefully read the prescription and then select the exact ingredients specified by the physician.

All drugs must be potent, fresh and of the purest possible grade. Next, after checking the dosage and ingredients again for accuracy, we compound them, record the prescription by numbers and date, and place in a container labeled with directions for use. We must always do our best. To do less is unthinkable.

### Elba Bridge Club Entertained By Mrs. Boswell

The Elba Bridge Club met at the home of Mrs. Harry Boswell last Tuesday with three guests present. They were Gladys Clark, Mrs. Leroy Miller, and Mrs. Harvey Waters.

Small arrangements of multicolored zinnias were placed about the living room and den where the card tables were placed. Mrs. Mae Cook of Enterprise won high score and Mrs. Drexel Cook won Bingo. The club will meet next at Mrs. Drexel Cook's home.

### Personals

Mrs. Harvey Waters, Mrs. Ed Tucker, Mrs. Stanley Prior and Mrs. Boutwell spent Friday in Montgomery.

Mrs. Josh Tatum has returned from a trip to Maryland where she visited with her mother. She was accompanied on the trip by her younger brother, who had spent the previous week here in Elba.

Mrs. Joe Mark Chambers and sons, of Brundidge, spent the day with Mr. and Mrs. Doug Kendrick last Monday.

Mrs. Robert Cannon and Courtney spent Thursday and Friday in Troy with Mr. and Mrs. Joe Vann and were accompanied home by Mrs. Vann.

For Thou, Lord, will bless the righteous; with favor wilt Thou compass him as with a shield.—(Psalm 5:12)

Those who love God and obey Him, who worship and glorify Him in all their thoughts and acts, are overwhelmingly filled with His love and His radiance; they know abundant joy and strength beyond all mortal compare—because the Almighty is with and within them.

### Peanut Caramel Cubes

You'll keep your rating tops with the sandbox set when you set out amid-afternoon snack like Peanut Caramel Cubes and mugs and come running on the double when you call.

These puffed rice treats are good news, too, for summertime cooking. Just melt the caramels and marshmallows over very low heat into a greased pan and when cool, cut into cubes.

Peanut Caramel Cubes make very good travelers. They pack easily and make especially good eating at a picnic or beach party. Served as a cookie or a candy, they'll make a hit with children and adults on any occasion.

**Peanut Caramel Cubes**  
Makes 2 dozen squares

5 cups puffed rice  
1 cup Spanish peanuts  
1/4 cup butter or margarine  
1/4 lb. fresh marshmallows  
1/4 lb. caramels

Heat puffed rice in shallow pan in a moderate oven (350° F.) about 10 minutes. Pour into large greased bowl. Add peanuts. Melt butter, marshmallows and caramels over very low heat (may use double boiler); stir until smooth. Pour over puffed rice and peanuts. Stir until evenly coated.

Pack into a greased 7 x 11-inch pan. When cool, cut into squares.

### Dr. Rowe Begins Professional Practice

Dr. Richard A. Rowe, son of Mrs. Mary E. Rowe, has entered into the practice of medicine at Lineville, Ala. He is associated with Dr. Otis Cook, prominent physician of that vicinity.

A No. 2-1-2 can of peaches will make seven servings; a pound of frozen peaches will make four servings.
